

Jesus came to restore all that was lost in the Garden of Eden.

John 1:1-5 Jesus was in the beginning with God, creating all things, He was the life and that life was the light to all men. When that light shines in the darkness, darkness could not overpower it.

John 1:10-11 The world no longer knew Him, He came to restore that relationship.

So what was lost in the Garden?

In the garden our Spirit man (Pneuma) was now being controlled by our (psuche) our mind, will & emotions.

What was restored to us through the cross?

**John 1:4 In Him was “life”, zoe’.
God’s life. Jesus came to restore
abundant life. John 10:10.**

**This is what we lost but this is what we
gained.**

Jesus restored God's breath (Pneuma) back into us through the Holy Spirit (John 20:22), and Jesus came to give us back life in abundance. John 10:10

Abundance – increase in quality, quantity, to exceed & excel, above and beyond. To make more and to have more.

John 1:1 Jesus is the Word (Logos). He is God's message to us, God's logic, Jesus restored to us the understanding of God's divine nature.

Through Jesus we now have the ability to think His thoughts, hear His voice, understand His ways and receive His revelation.

Jesus came so that we could have the same kind of relationship that Adam & Eve had in the garden when they walked with God.

**John 14:6 I Am the way (hodos) the truth
(ale'theia) and the life. (zoe)**

hodos – “a path or road that leads to something.” the root word is “method.”

**Jesus is the road or the method that
leads us to (truth and life.)**

**He is the means to our recovery, and our
restoration.**

**He the (Word) is the way back to Truth
for our soul and Life for our Spirit.**

Since our spirit's rebirth was instant & complete, we must be committed to the process of transforming our soul.

**Transformed – metamorphoo
or metamorphosis**

“the process of change from one form or state to another, from the inside out.”

Ephesians 4:22-24 – Romans 12:1-2

conformed – schematic - to be fashioned together.

The caterpillar already has the DNA inside to become a butterfly. He/She just has to go through the process

So, since we are “Chosen” & “A royal Priesthood” (1 Peter 2:9) then thank goodness we don’t have to wait forever to be what God already says we are.

**Lets not be conformed;
(fashioned together with) but lets be transformed (metamorphosis) by the renewing of our minds; so we can prove, (demonstrate something) what the will of God is; that which is good, acceptable and perfect.**
